GENERAL GRANT GUIDELINES AND POLICIES

The Guam Council on the Arts and Humanities Agency, established under Public Law 16-122 is charged with administering federal and local monies in support of the arts in the Territory. The Council’s primary objective is to support the Arts in all its forms and in all levels with special emphasis on community involvement in artistic program, education-in-the-arts and the preservation and development of the native and ethnic arts.

The Guam Council on the Arts and Humanities Agency is comprised of thirteen members appointed by the Governor with the consent of the Legislature for two or four year terms; the members represent a cross-section of the community’s interest and expertise in the arts. The Council is responsible for the final review and decisions regarding all applications for funding and for all agency policies.

The Guam Council on the Arts and Humanities Board is authorized to set up Citizen Advisory Panels in the disciplines of the Performing Arts, Visual Arts, Media Arts, Arts-in-Education, Underserved, Folk Arts and Special Projects (community arts, literature, humanities, etc.) These advisory panels consist of various members who review grant proposals within a designated artistic discipline and make recommendations on those particular grants to the Council.

All grants are made on a yearly basis and new applications must be submitted each year. GCAHA support should be considered supplementary to the budget of any arts organization. The GCAHA encourages applicants to seek funding sources other than the GCAHA, showing strong financial commitment to the applicant and project by others.

THE GUAM COUNCIL ON THE ARTS AND HUMANITIES AGENCY GRANTS PROGRAM IS HIGHLY COMPETITIVE. AN AWARD FOR THE CURRENT YEAR DOES NOT GUARANTEE AN AWARD FOR THE FOLLOWING YEAR(S).

It is MANDATORY that interested applicants attend one of the following grant workshops to be held at the CAHA Art Gallery located on the 1st Floor of the Terlaje Professional Building, 194 Hernan Cortez Avenue in Hagåtña.

9:00 a.m., Saturday, April 14, 2018

3. ENVIRONMENTAL AND PRESERVATION POLICIES

The National Environmental Policy Act (NEPA) of 1969, as amended, applies to any Federal funds that would support an activity that may have environmental implications. We may ask you to respond to specific questions or provide additional information in accordance with the Act. If there are environmental implications, we will determine whether a categorical exclusion may apply; to undertake an environmental assessment; or to issue a “finding of no significant impact,” pursuant to applicable regulations and 42 USC Section 4332.

The National Historic Preservation Act of 1966 (NHPA), as amended, applies to any Federal funds that would support either the planning or major renovation of any structure eligible for or on the National Register of Historic Places, in accordance with Section 106. This law also applies to project activities, such as new construction, that would affect such properties. We will consult with the State Historic Preservation Officer, as appropriate, to determine the impact of your plan or renovation on the structure or any affected properties. Any change in your design, renovation, or construction plans must be submitted to us for review and approval prior to undertaking any of the proposed changes. You may be asked to provide additional information on your project to ensure compliance with the Act. (16 USC 470)

4. OTHER NATIONAL POLICIES

Debarment and Suspension provides that you must comply with requirements regarding debarment and suspension in Subpart C of 2 CFR part 180, as adopted by the Arts Endowment in Title 2 CFR, Chapter 32, Part 3254. There are circumstances under which we may receive information concerning your fitness to carry out a project and administer Federal funds; such as:

- Conviction of, or a civil judgment for, the commission of fraud, embezzlement, theft, forgery, making false statements;
- Any other offense indicating a lack of business integrity or business honesty that seriously and directly affects your present responsibility; and
Any other cause of so serious or compelling a nature that it affects an organization’s present responsibility.

In these circumstances, we may need to act quickly to protect the interest of the government by suspending your funding while we undertake an investigation of the specific facts. We may coordinate our suspension actions with other Federal agencies that have an interest in our findings. A suspension may result in your debarment from receiving Federal funding government-wide for up to three years.

The Drug Free Workplace Act requires you to public a statement about your drug-free workplace program. You must give a copy of this statement to each employee (including consultants and temporary personnel) who will be involved in award-supported activities at any site where these activities will be carried out. You must maintain on file the place(s) where work is being performed under this award (i.e., street address, city, state and zip code.) You must notify the Guam Council on the Arts and Humanities Agency of any employee convicted of a violation of a criminal drug statute that occurs in the workplace. (41 USC 701 et seq. and 45 CFR Part 1155).

Lobbying provides that you may not conduct political lobbying, as defined in the statues and regulations listed below, within your Federally-supported project. In addition, you may not use Federal funds for lobbying specifically to obtain awards. For definitions and other information on these restrictions, refer to the following:

1. No part of the money appropriated by any enactment of Congress shall, in the absence of express authorization by Congress, be used directly or indirectly to pay for any personal service, advertisement, telegram, telephone, letter, printed or written matter, or other device, intended or designed to influence in any manner a Member of Congress, a jurisdiction, or an official of any government, to favor, adopt, or oppose, by vote or otherwise, any legislation, law, ratification, policy, or appropriation, whether before or after the introduction of any bill, measure, or resolution proposing such legislation, law, ratification, policy, or appropriation; but this shall not prevent officers or employees of the United States or of its departments or agencies from communicating to any such Member or official, at his request, or to Congress or such official, through the proper official channels, requests for any legislation, law, ratification, policy, or appropriations which they deem necessary for the efficient conduct of the public business, or from making any communication whose prohibition by this section might, in the opinion of the Attorney General, violate the Constitution or interfere with the conduct of foreign policy, counter-intelligence, intelligence, or national security activities. (18 USC § 1913).

2. Lobbying (2 CFR 200.450) describes the cost of certain influencing activities associated with obtaining grants, contracts, cooperative agreements, or loans as an unallowable project cost. The regulation generally defines lobbying as conduct intended to influence the outcome of elections or to influence elected officials regarding pending legislation, either directly or through specific lobbying appeals to the public.

3. Certification Regarding Lobbying to Obtain Awards. Section 319 of Public Law 101-121, codified at 31 USC Sec. 1352, prohibits the use of Federal funds in lobbying members and employees of Congress, as well as employees of Federal agencies, with respect to the award or amendment of any Federal grant, cooperative agreement, contract, or loan. While non-Federal funds may be used for such activities, they may not be included in your project budget, and their use must be disclosed to the awarding Federal agency. Disclosure of lobbying activities by long-term employees (employed or expected to be employed for more than 130 days) is, however, not required. In addition, the law exempts from definition of lobbying certain professional and technical services by applicants and awardees.

We strongly advise you to review these regulations carefully. They are published at 45 CFR 1158, and can be found at www.gpo.gov/fdsys/.

Davis-Bacon and Related Acts (DBRA), as amended, requires that each contract over $2,000 to which the United States is a party for the construction, alteration, or repair of public buildings or public works
(these activities include, but are not limited to, painting, decorating, altering, remodeling, installing pieces fabricated off-site, and furnishing supplies or equipment for a work-site) must contain a clause setting forth the minimum wages to be paid to laborers and mechanics employed under the contract. Under the provisions of DBRA, contractors or their subcontractors must pay workers who qualify under DBRA no less than the locally prevailing wages and fringe benefits paid on projects of a similar character.

Information about the laborers and projects that fall under DBRA can be found in the Department of Labor’s (DOL) Compliance Guide at www.dol.gov/compliance/guide/dbra.htm. DBRA wage determinations are to be used in accordance with the provisions of Regulations, 29 CFR Part 1, Part 3, and Part 5, and with DOL’s Compliance Guide. The provisions of DBRA apply within the 50 states, territories, protectorates, and Native American nations (if the labor is completed by non-tribal laborers).

The Native American Graves Protection and Repatriation Act of 1990 applies to any organization that controls or possesses Native American human remains and associated funerary objects and receives Federal funding, even for a purpose unrelated to the Act. (25 USC 3001 et seq.)

U.S. Constitution Education Program. Educational institutions (including but not limited to “local educational agencies” and “institutions of higher education”) receiving Federal funds from any agency are required to provide an educational program on the U.S. Constitution on September 17 (PL 108-447, Division J, Sec. 111(b)). For more information on how to implement this requirement and suggested resources, see www.2.ed.gov/policy/fund/guid/constitutionday and http://thomas.loc.gov/teachers/constitution.html.

Arts Endowment Enabling Legislation. You are required to execute your project (e.g., productions, workshops, programs, etc.) in accordance with the Arts Endowment’s enabling legislation that requires “artistic excellence and artistic merit” to be included in the criteria upon which awards are made.

Prohibition on use of funds to ACORN or its subsidiaries. None of the Federal or matching funds expended for your awarded project may be distributed to the Association of Community Organizations for Reform Now (ACORN) or its subsidiaries (P.L. 111-88 Sec. 427).

5. AUDIT OF RECORDS

The State Arts Agency, the National Endowment of the Arts and the Comptroller General of the United States, or any duly authorized representative, shall have access to any books, documents, papers and records maintained to account for funds expended under the terms and conditions of this grant for the purpose of making audit, examination, excerpts and transcripts.

The required period of retention of records is three years from the date of submission of the final expenditure report unless an audit is conducted and then records must be retained until the audit is resolved or cleared.

6. STANDARDS FOR SUBGRANTEE FINANCIAL MANAGEMENT SYSTEMS

Sub grantee financial management systems shall provide for:

a. Accurate, current and complete disclosure of the financial results of each grant program in accordance with the State Arts Agency’s reporting requirements.

b. Records which identify adequately the source and application of funds for grant supported activities. These records shall contain information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays and income.
c. Effective control over and accountability of all funds, property and other assets. Grantees shall adequately safeguard all such assets and shall assure that they are used solely for authorized purposes.

d. Comparison of actual with budgeted amounts for each grant. Also, relation of financial information with performance or productivity data, including the production of unit cost information whenever appropriate and required.

e. Procedures to minimize the time elapsing between the transfer of funds from the state disbursing office and the disbursement by the grantee.

f. Procedures for determining the allowability and allocability of costs in accordance with the provisions of OMB Circular A-87 (2 CFR 225) if subgrants are to State and Local Governments; OMB Circular A-122 (2 CFR 230) if subgrantee is a non-profit organization; and OMB Circular A-21 (2 CFR 220) if subgrants are for educational institutions.

g. Accounting records which are supported by source documentation.

h. Audits to be made by the State Arts Agency or at its discretion determine, at a minimum, the fiscal integrity of the financial transactions and reports, and the compliance with laws, regulations and administrative requirements. The State Arts Agency will schedule such audits with reasonable frequency, usually annually, but not less frequently than once every two years, considering the nature, size and complexity of the activity.

Audits conducted by the subgrantees are acceptable as long as they meet the requirements set forth in OMB Circular A-102, Attachment P.

i. A systematic method to assure timely and appropriate resolution of audit findings and recommendations.
