

Our Place Our Time Our Resilience

Tubles, by Mark Dell'Isola

Entitled, *Our Place, Our Time, Our Resilience*, this art show features multiple art mediums. It purposely exhibits a wide range of work produced by artists from the Guam Artist Directory including nature photography, portraits and even coconut carving. Anchoring the exhibit are two featured artists. Mark Dell'Isola has contributed three large pieces that were produced as part of his work through a CAHA CARES act grant in 2020. An especially topical installation is by Rolando (Rolly) Zepeda who invites the audience to consider a three-dimensional work of art entitled, *The Silent Warfare*, that includes masked faces beneath a suspended red question mark.
